121 LOTS
171 HEAD

Featuring the blood of **Imp. Calrossie Prince Peter, Imp. Calrossie Mercury** and **Imp. Pittodrie Monarch** in one of the largest closing-out sales in many years.

Seven Good Reasons Why You Should Attend this Sale

1. There are many good cattle from which to select, and among them, you are sure to find some that just suit your needs.

2. The most profitable cattle to buy are cows with their calves at foot. Fifty such lots will be sold and most of the cows have been bred again to the great sires that head this herd.

3. The two herd bulls that are respectively lots No. 1 and No. 2 are such as could be bought only at a dispersal sale. Good tried sires are hard to buy.

4. If there were no other cattle in this sale than the twenty-eight beautiful cows and heifers that will be sold in calf to this herd's great sires, they would be reason enough to attend the sale.

5. Many breeders like to have the first calves of their females sired by their own bulls. They wish to learn, early, what sort of a nick they have acquired. The twenty-three attractive open heifers in the sale will appeal strongly to such breeders.

6. In founding a herd or expanding an established herd, one of the first considerations should be the health of the animals that are to be procured. All of the females in this herd were vaccinated against Bang's Disease, under Federal supervision, during the years of 1940-41-42-43 and 44. The herd long has been Federally T. B. accredited. Every animal will be subjected to a test for Bang's within thirty days of the sale and the result of the test will be announced.

7. The owner of this herd is a man of the utmost integrity. This fact is well known to breeders in all parts of the United States and Canada. The cattle that you will buy at this dispersal sale will be highly regarded by your customers because of his excellent reputation.

Merv Aegerter,
Of The Shorthorn World.

All cows with calves at foot or heavy with calf are considered to be breeders and no further guarantee is made with respect to them. All other cows and all heifers, over sixteen months of age at the time of the sale are guaranteed to be breeders.

Health—The herd is absolutely healthy in every respect and has been Federally accredited free from tuberculosis for years.
All cattle in this sale are guaranteed to pass a sixty-day re-test for tuberculosis and have passed a test for Bang's disease within thirty days of the sale. Health certificates will be furnished where required to ship into any State or Territory.

Registration—Certificates of registry with transfers entered and recorded in the buyer's name will be furnished with each lot sold and an application will be furnished for recording every calf at foot and every calf carried in dam.

Many Herds Will Be Improved Through This Dispersion . . .

★

It is with profound regret that I learned of the necessity for Asa Sherritt to disperse his splendid herd of Shorthorns. Asa had been in ill health for many months and as early as last October informed me that he would be compelled to reduce the extent of his farming and livestock enterprises considerably. The tragic accident that occurred on March 9th, depriving him of the counsel and assistance of his wife and partner in the Shorthorn industry and of the inspiration of his two charming daughters, has changed the plan of a serious reduction in the size of his herd to a determination to disperse it completely.

For many years Asa has been one of my good friends in the livestock world. His herd of Shorthorns has been a model for many a Northwestern breeder to copy. He built it on a secure foundation by the use of breeding stock of the best type and character. He bought his foundation and herd bulls from nearby breeders when he found, in their herds, the sort that would work improvement and he travelled far afield for improving sires when his judgment told him he could improve by getting them away from home.

Asa Sherritt always has been a competent husbandman, a square dealer and a genial, companionable, likeable friend. He has been and is now a valuable asset to the Shorthorn industry in America and many herds and many breeders will profit by obtaining breeding cattle at the dispersal of his herd.

Will Johnson,
Of The Shorthorn World.

These Are Profitable Shorthorns

At this time when the outlook for an active trade and higher prices never was more encouraging, I regret to be compelled to part with my herd of Shorthorns. The consolation is that the many friends I have made within the Shorthorn industry will have the opportunity of procuring the members of this herd which I have built with great care and which has been a source of pleasure and satisfaction to me for many years.

I know that these cattle will be profitable to buyers as they have been to me. I invite all who can find the time to attend the sale and I invite all interested breeders to visit the herd before the sale and to inspect the cattle thoroughly. I shall be pleased to arrange transportation for visitors to the herd from nearby railway and bus stations if notified sufficiently in advance.

The herd is a large one and it is composed of animals of the best and most popular Scottish bloodlines. Always, I have taken great pains to procure and to use outstanding bulls with pedigrees that all breeders will recognize as most potent as they prove descent from the greatest sires of the breed.

Asa W. Sherritt.

Twenty-five Constructive Years

In 1920, after returning from serving his Country in World War I, Asa Sherritt returned to the home of his parents and engaged in the business of farming and producing registered Shorthorns on their highly productive farm in the rich Red River Valley. His foundation purchases included tops from the best herds throughout North and South Dakota and Minnesota. In 1924, he purchased the entire herd of D. A. Black & Sons, Grandin, North Dakota. The herd included the useful sire, Royal Seal 1148329 by Sittyton King. Shortly afterwards he bought the Gilbert Elkin herd at Mayville, North Dakota, getting Silver Star 1434516 by Lodestar by Maxwalton Stamp 2d.

With the strong cow herd thus established he felt warranted to buy the best bulls he could find and he proceeded to do so. His next herd bull purchase was of Dreadnaught Tokay 1301850 by Cudham Dreadnaught (Imp.), from Haylands herd in Illinois. In 1933 he bought the top bull of the H. K. Owens sale in Iowa, Rodney's Master 1718871, by Ballylin Rodney, the sire of the dam of the famous Duke of Killearn.

In 1936, at the Edellyn sale, he procured the highly popular, young bull, Leader's Crown 1852313 by Raveni Leader. Edellyn Farm retained this bull for the show season, showed him extensively and won first prize in his class at many large shows and fairs. In 1938, he bought the number one bull in the Klaymor sale of W. J. Russell, Unionville, Ontario, Klaymor Batter 1954534 by the world renowned Collynie Royal Barrage (Imp.).

In 1942, he purchased, at private treaty, Edellyn Mikado Mercury 2057557, sired by the Perth supreme champion Calrossie Mercury (Imp.). Later in the same year he topped the Interstate sale at Sioux City when he bought the Sumption bred bull, Perfection Defender 2113806 by Browndale Perfection.

This brings us up to the two bulls now in service in the herd and that will be sold in this sale as lots 1 and 2 respectively. Their pedigrees are given in this catalog. Few herds have two better bulls in use.

During this span of 25 years, Asa Sherritt has built a truly memorable herd of Shorthorns that would be the pride of any stockman. It is unfortunate that circumstances have made it necessary to dispose of the herd in its entirety.

Even though this is a complete dispersal, every animal carries the standard guarantee of the American Shorthorn Breeders' Association. In this sale you can buy 100 percent working cattle in large numbers. I urge you to attend the sale. The selection is wide and, no matter what your needs, they can be supplied from this sale.

Mervin F. Aegerter,
Sale Manager.

TWO New Shorthorn WORLD RECORDS

He exceeded by $898 a previous total for an Eastern States champion in 1933 which sold at $11.15 a lb. Left to right: Joe Duea, Belmond, Iowa, fitter; C. K. Tomson, sec'y, Shorthorn Ass'n; Jim Boyle, Swift & Co.; John R. Thompson Jr., pres. Thompson's Restaurants, buyer; C. A. Henkel, Mason City, Iowa, breeder.

This load of Shorthorn feeders, grand champions over all breeds at the 1946 Denver National Western, averaged 475 lbs. each, sold for 47 cents a lb., brought $223.25 apiece, highest total price ever paid per feeder steer. They outsold by $20 a head feeders of another breed of the same age which later brought 50¼ cents a lb. They were exhibited by the Winkler Sisters, Castle Rock, Colo., and sold to Albert and Ed Fritzler, Sterling, Colo.

KILLEARN MONARCH 29th

KILLEARN MONARCH 29th—Was selected, by Asa W. Sherritt, from Claude Gallinger's famous herd in Alberta as the pick of the 1943 crop of bulls. He has developed as he started and is not only one of the most impressive bulls but is one of the outstanding sires of the Northwest. Every animal named in this pedigree is or was a noted breeder and the pedigree shows a fusion of the blood of two bulls that individually were Scotland's greatest and when combined invariably made the best nick of the breed in the Old Country. We refer to Collynie Royal Leader and Naemoor Jasper. The former was sire of this bull's sire's dam and the latter comes into the pedigree twice, through Balmuchy Jasper and through the International champion Calrossie Lord Rothes. Pittodrie Monarch (Imp.), sire of Killearn Monarch 29th was bred in the herd that produced the two highest selling bulls of any beef breed of all times, the Pittodrie herd of R. Laidlaw Smith. This bull rates a place at the top of a great herd.
